erman craftsmanship and quality in all its elements. In our in-house joinery, we are not only rial, but also to sustainability. Our team works hand in hand every day to fulfil the needs of our order processing and dispatch.

shop, we focus on unique, high-quality and solid furniture made from barrels or barrel wood. Individual pieces: our diverse portfolio also includes table tops or accessories for water tubs and

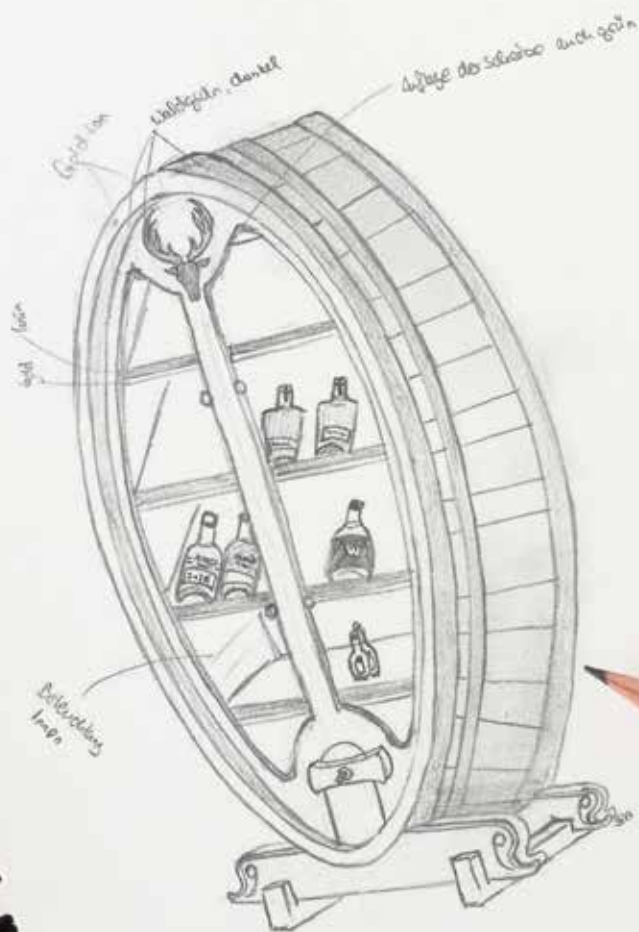

‘We do everything except windows!’

Custom-made solutions

Your vision is our mission. With expert craftsmanship and years of experience, we create bespoke carpentry tailored precisely to your individual needs.

Our professional cabinetmakers support you from the first sketch to the finished product – all from a single source. Whether it's furniture, built-in wardrobes, or creative woodwork – we deliver unique, precisely crafted solutions that bring character and quality to your space.

Trust in our expertise and let's bring your ideas to life – together!

Materials & craftsmanship

At our workshop, quality is our highest priority – both in material selection and in processing.

We use only premium woods and materials known for their durability and aesthetics. Every piece is crafted with the utmost care and precision to create results that not only look beautiful but also stand up to daily use.

Our skilled carpenters bring their craftsmanship into every phase of the process, ensuring that every detail is perfect. The result is a product that doesn't just meet your expectations – it exceeds them. A true original, made to last a lifetime.

Sustainable & regional

We don't just talk about sustainability – we live it.

Our focus is on using regional and certified wood from the Palatinate Forest, combined with a thoughtful recycling concept. In addition to working with solid woods, we especially love giving wood with a story a second life. In our case, that means turning old wooden barrels of all sizes into unique furniture pieces.

Sustainably crafted – built to last.

Our strengths

Reliability

We understand how important it is for your projects to be completed on time and to spec. That's why we work efficiently and carefully to deliver top-quality craftsmanship right on schedule.

You can rely on us to meet deadlines and fulfill your wishes down to the last detail.

Expert Consultation

Our personalized consultation is carried out directly with our experienced carpenters, who put your ideas and needs first.

Together, we develop custom solutions, select the best materials, and guide you from the first sketch to the final realization – ensuring the result fits you perfectly.

Measuring & Installation

Our carpenters take precise measurements and handle professional on-site installation.

This guarantees a perfect fit and ensures your vision is implemented down to the finest detail.

From start to finish, we ensure smooth and accurate execution.

Customer Service

Even after completion, we're here for you with comprehensive customer support. Whether it's care instructions, adjustments, or repairs – we take care of your concerns so you can enjoy our products for years to come.

Your satisfaction remains our top priority.

Unique Furniture

In our carpentry workshop, we create one-of-a-kind furniture from used barrels and timber sourced from our own sawmill.

Unique – because every barrel has its own character, coloration, and story.

Unique – because every piece of wood has its own grain and color.

Unique – because each piece of furniture is designed and built according to your wishes.

Ask us today about your future favorite piece of furniture! We'll bring your idea to life with experience and true craftsmanship – “Impossible is not an option.”

Wellness for your home

Wooden tubs, Kneipp basins, and accessories from our carpentry workshop.

In a world that moves ever faster, many people long for a personal retreat to relax both body and mind. Enjoying wellness at home offers the perfect way to leave everyday stress behind.

Our carpentry workshop crafts high-quality, custom-made wooden tubs, Kneipp basins, and matching accessories – for an exceptional wellness experience in your own space.

Wooden tubs – Tradition meets ultimate Relaxation

Our handcrafted wooden hot tubs combine traditional bathing culture with modern design.

The natural wood not only offers a pleasant tactile experience but also turns your backyard into a private wellness oasis.

Kneipp basins – experience the power of water

Kneipp hydrotherapy is a time-honored method for boosting health, with contrast baths playing a central role. Our custom-made Kneipp basins made from wood combine aesthetics with functionality.

A close-up photograph of a wooden workbench. In the upper left, a piece of paper with handwritten notes is visible, held by a metal clip. The wood has a natural grain and is secured with a small metal latch. In the lower right, the corner of a glass object, possibly a vase or bowl, is visible.
